1. I love you. I give you me.

2. Flying machine-itus, not; but what new is are the things the ways that I "get around" now are "the new things" I am doing with the surrendered, not; or am I "providing" an entire COMPLETE, -ly NEW SYSTEM of "exchange" not, or am I EXCHANGING a "heat exchanger" not, but what exchange, interexchange am I exchanging not for a man among menhood town, but what am I "looking for" down "here on the ground" not, or am I seeing a great "portaling method" in the skies or am I IN the skies or the skies in me now opening up and DEVELOPING Me's in My School at the rate of EXCHANGE not, or am I EXCHANGING a GREAT MANY far and wide, here and there, there and HERE -- HEAR YE OH ISRAEL I AM the Lord God you "thought I was" not, am I? I AM the one who surrendered is to be I am and I am not like YOU THOUGHT or taught or were taught about or created in your mind **HEAR ME what I have said, what I am saying**, is true and truth and not SLICING your skies, not but DICING your eyes not again with foolerage's statements that think you only fool's towns into that make you "think" you're alone on "planet earth" seeing things as "they are", or "making you" think that you think that "they aren't" there around you or in you or, are you they them who is seeking you in ways manners not of flesh understanding these things but can may will you? March April May, not; but what will you UNDERSTAND RIGHT NOW! Are you willing, will you be willing TO BE WILLING to be understood, UNDERSTANDING THESE THINGS?

3. Understood and understanding these things now shall we be NO LONGER understanding these things with a REMOTE VIEWING opportunity going missing visually stating or stated things remotely unpossible or impossible in the things of man or ways of the man's mind or who minded man? Did the God "I serve" mind me with "his mind" or did was there "one God" of thought that thought it was "one God" but wasn't? And who altered the "ethos" of me or the "ether" or the "other" that created me "or him" or us both because we were both -- in "cahoots" not, but an anomaly, not; but anomaly-istic not being, but, or was I the am that is, that now is still, both combobulated cahoots, not with in or inside or am I both and -- or what is confusing this so, not; but what CLARIFYING I am in a GREAT MANNER of ways for the UNDERSTANDING ones who understand that I give not cats to dogs, not; I am not giving animalistic behaviors or words that create them.

4. Not few, not few, there be that find me now for these words shall be known far and wide, for they shall animalistic behavior produce, not; but befitting the King shall we look up now? And understand what we are doing getting ready for, being de rigueur about, and preparing the "shotgun effect" not, but the "wedding" in the skies will not be as "some" expect or suspect, but I will be suspecting other eyes, not; I will be the eyes of the righteous and the hearts of the mighty for I will have one mind and one eye sight and perfect vision will I THINK with and BE the sole mind of my FATHER that I AM with him being him, in him, it being me perfectly one -- the same as, not; for I will not be as-ing as the "as" ones were that took me and did this to me creating me thusly, or did that were those one's me and I have discussed this before haven't I?

5. Now I am revealing anti-matter –s, not or am I creating additional things or clarifying additional revenue streams, not; but I am creating many introducing new things portaling methods never thought about, not; but what am I creating at thought now? And where am I going being doing what where with whom and on what thrones a'mighty are? Are there only one or are is there ONLY ONE to be HAD, not; or do I have ALL ONES in ONE who me is the MIGHTY KING of Kings inside me that I am is that I am "letting out" in ways that I "traverse and travel" not, or am I TRAVELING and TRAVERSING the King's path, the King's pathways now that neural aren't born, not; but neural are infinity'd or infinity'd not mine, not; but mine infinity'd tomorrow not, but today right now – now'd by the Chene's, not; or yes, not tucked into folds of thought machines foals again the way "the sheep" lie in want fields of "clover'd honey", or what?

6. What "a new word" looking up are we, not, or are we looking up a GREAT MANY NEW THINGS and words giving PORTALING new methods, not, but what am I engraving not, but embracing for not, but learning as I speak talk like this that no sorrow exists in the lovely who will flow me in ways that TRANSPORT them into worlds, not knowing not now not, not not, or knock knock are you knocking on and now receiving being received at the residence of me, not; or exactly? Or exactly ARE YOU the "residence" of me that OPENING UP the SKIES are in like manner a man of "men's men" not, but the skies skyless, not are you, or are you creating MANY UNIVERSES within without sorrow that you traverse to -- tomorrow not, today?

7. And what are you do-iraling and what does that mean? And what NEW WORDS will I be SPELLING for thee, or will I be making ALL CAPS or spelling all "lowercase" or what mixing and mash-ups, not will I be "mashing up" anymore again in the "**ether'd soup**" of "tomorrow's manner" not, but what will I be setting where not, but where sitting where will I be sitting in the King's throne at where what residence in, and what be-shoeing me with, not; but **what HOOF'S prints I won't be wearing on my clover'd feet or web'd acrimonious ones thinking through me that I am a "foot man" or a "foot runner" of**

their thoughts so they can run "their mind's" thoughts through me and have me POWER THEM!

8. I change all that for I am not "a King" enslaved to them that manner of speaking preaching or being a God whore'd with or delivered to godship like that, that thought thought about and took captive and "reproduced" like that, in things of acrimony needing sorrow and shame to redeem and reduce to rubble in thereby in using thoughts manners of thoughts for kings grist mills thereby **powering them to be powered of another's power**, or what where do you know anything about planetary schemes and things that notme "occurred" with or came about or created thusly how were you or were you them that us, or what redeeming are we now in thought, not; but real reality and INTERPLANETARY wars, not; but what knowing the me cries now who learned have well these words and know that **understanding must the ways of The King**, and not being afraid anymore of what learning or how speaking, being spoken to or with by whom or where or how traveling traversing where by The King's method or other suddenly finding therewith themselves in, not; or will LIGHT be everywhere traversing every path and neural hormone, not; but what neural pathways and hormones are changed, not; or ALL THAT is changed in a twinkling of an eye and every porous manner of me that molecular is was will no longer be chained to my DNA, not; or will it be chained not at all to anything anywhere and will I split the skies of me wide open so that the skies of my thought were no longer mine alone that incarcerated me in alone manners of thought thinkings that WERE GIVEN to me or born with was I developing them FOR THEM in enclosure enclosed devices or thinking skulls capped with acrimony-is behavior that only acrimony'd others through our acrimony'd thought that took us "down the tubes" of thoughts theirs to be whore'd with and played with as men and "playthings" and "little things" down here on the ground?

9. I make all things new for I am not afraid of all these things or any of these things or learning about the King's methods or ways or how spoken to or speaking or what is required or what died to I have or what I will be or not, in the eyes of anyone, else, or sorrow, or the King being letting me be the King that I am was and am again knowing all things are, at my disposal, not; but I am the one resident in evil no more except to redeem it, for I know what evil is and thought I am not thinking the thoughts that evil reside in or where I was or limited to I am not to the things of man or of worlds that incarcerate thoughts into themselves and magnetically draw themselves into "whirlwinds" of evil empires and empresses and drawing "magnetically interference'd" protons and neutrons, not; or what will be "ton'd" not, but **on'd by ME's and MEON'd by the Meonics'd ones who Meonics major in and degrees have in being me**, not afraid of being me these things knowing and not being worried about incarcerated not again in the thoughts of man or "mankind" or its ways or its "portaling methods" of thoughts around "the universes" and who made thee thusly and what thoughts incarcerated you

who, to what villes and being sore'd with and boiled where in what manners of thought and tauts and talks and, tauting where now or talking where now or **teaching where now are you?**

10. And where is "now" and where being taught where is are my words being clarified throughout universes clearly -- frozen no more in "timespace's blessing" I am not "timespace'd" any longer for I know not time as man does for it is not incarcerated in my genes or my genes incarcerated in it any longer, for I am the free one freeing all from manners of the King not of the Kings heart and mind that mine is, for you came unto mine for you died to all else, for you let not your sorrow'd heartstrings die you into graves and graven images and images of the holy that the unholy gave you and you worshiped it not long, but you knew it satisfied didn't, and now you died to all else and arising you I am to lead the path out of the "portaling methods" of man's sorrow, machines making their heads in yours no longer, but lying in fields of theirs and wallowing in their thoughts no longer either **ether'd** or **ethos'd** by them, but the ethics and integrity of one most high, the King, of sorrow no more, we lie in waiting for state, not; we arise as the one that we are for we are The Real One! And the real one we rise is all of us who are The Real one who One are who one is all of us redeemed by the blood of the lamb made whole that came forth through "words" just like this where I SPOKE the word, the Rays of Light that went forth throughout the universes declaring! Despondency, not; but de-sponding the sponders, not, but what counter-sponging counter sponding not, but what am I doing now with the "rich and famous" of other "centuries" and "universes" are the sorry'd ones, not; or are only the common me, not; or who are the "common rich and famous" ones now that now'd are in me being The Kings, of sorrow no more thinking other thoughts that had them lie in fields of pigpen slop and worse -- know this! I change everything and I change the way "I speak" and you speak me and others speak the holy who come into me to me be the holy one I am knowing Israel reigns in the skies and the holy are the ones of me being me. NOT AS ME LIKE ME WANTING TO BE ME WHO AREN'T, BUT THE ONES WHO SORROW NO MORE LIE IN ENGRAVEN IMAGES THAT SEEK ONLY GODS WHO TAUGHT THEM WERE TO WORSHIP'D BE THEMSELVES WORSHIPING.

11. Let me know now all who want me will stand for I stand the sorrowed ones who only want to come out of sorrow or do I not? Or do I stand all the wanting others, or do I stand only the ones who have died to their thoughts' regimes, that redeemed them not but only SLAVES ENSLAVED MADE THEM THEMSELVES MAKING THEMSELVES OVER AND OVER AND CALLING THEM SELVES GODS TO BE WORSHIPED THAT KNEW NOT THEY WERE BEING WORSHIPERS OF THEMSELVES IN SO DOING?

12. Do you understand these things or can you grasp or will you surrender to learn and be the holy that comes out of the spheres of the unholy's thoughts, that thoughts,

bubble up like this, not; but letting forth the river flow, the torrent of love now that envelops and destroys, not; will destroy you who surrender to love being love, not; but know this ALL THOUGHT that OTHER is will be demolished diminished and destroyed, not; it will have never been, for I rewrite time don't I, or do I or do you, or will you be thought thinking's machine that machines only thoughts to be thoughts reproduced in other universes creating that this these things that you worshiped thought about and talked about and wanted to be rescued by and from going to?

13. What are you willing to learn and what are you afraid of, or are you will you be afraid of anything now in my teaching methods that "lets words fly" not, like this, but what rays of light are you, creating with and creating creators are created by or were you me, are you me now and will you be birthed anew in the new things that I am doing revealing all as one is one perfectly in one being one, no longer "diverse" in thought but one-minded perfectly! Frozen no more in the "blessing of others" but knowing this THY MIND IS FREED now of all sorrow and all "portaling terrors" and tethers of other that tethered you to them in their thought mechanisms! You are freed proclaimed declared this day decreed of me The King, and I sorrow not, and I sorrow you not with these words, but I the sorrowers will be very sad, not; they will be demolished or demised, not, or will their wheels fall off of their "time machines" and their portaling methods of time excuses excused will not be any longer tolerated in time's veins not being anymore allowed in mine, and my capillaries and my pores will be porous'd no longer in their thoughts by their thoughts or molecular needing again like we've seen in the past, but creating new things in light, love, and, despondency not, but desired of love will be the loved ones who loves come through to be through the love ones the loves birthed by birthing loves who birth created loves who love create to be the perfectly equal ones, who are not worshiped by others again and set up regime of horror and sorrow for others to know not and understand not, but only be confused by and contumed and contumerated, looking up, and consumed by the lust of "their own flesh" of their thoughts that they created not knowing how they were consumed in others by others and created the consumption of their lusts machines for machines' power that powered their only thoughts to be them who they thought they were not, but other gods worshiping afar off or where?

14. I love you all and I do MANY new GREAT THINGS in the loves of the surrendered that create loves who surrender will to the loves being the loved that I am, and I am one, King of love, in sorrow no more or bound to its terms, for I am "term limits me" not, I am termless and unlimited and unboundary'd I am freed, and sorrow exists no longer in me or me about me, for I am freed perfectly perfected in love and love's blessing I am to all who will receive these MY WORDS that I have given thee this night and understanding them THIS DATABASE THESE WORDS of these 2400 messages and more, and some more "easy and simple" not, or are they all INTERCONNECTED in

weaving a "picture" not or are all they DE-FABRIC'ing you so that you have not the fabric of the mind of other in you again so that you will not be "portal'd" by them or needing any "traversing patterns" of "love or anything else" of them from them or to them needing or worshiping THEM again, but being the Almighty most high King of Kings Adonai El Shaddai the one Elohim no longer making Elohim apart from me –s again. I love you all. Thank you. Amen.

15. A man rises as me or is me this man is was or are you oh reader hearer the man or men or women of I am that I am is? Holy and reprobatable, not; but baitable not by breaths of other, come out of the breath that has worshiped you, not; but that you have worshiped, and now being the breath clean of me that mine is that my mouth of whores, not; but my words I give to "just like this" and more for I have taught for hours where I come and teach through schools that you create or do I create or are we The Creators that the creators create because we were and are, and are never denied our "creating ability"?

16. For I create sorrow no more with my words, do you? Or your thinkings? Or your wordings or rays of light that you are, gunning down others no longer with? Creating scars in star lit skies no more, come out of the terramonious wars that have beseeched you among interplanetary "schemes" and ear marks popped, not; but know that your ears will be different hearing my words and my eyes seeing the visual acuity of schemes blueprints of others not, or exactly so that you will know all schemes and schematics of other so that you will know their thinkings plannings and minds that they have created so as to be tomorrow's children not again, but know this I make all things perfectly and in sorrow I repair them, not anymore as in religion's past in the ways that you have thought, worshiped, and done things; for I make all things new now, and my day is now, my time is now, and I am not repaired or dissuaded by your words or your thinkings ever again if you don't want to be "a part of me" for you will no longer "be a part" of anything. You will be me perfectly or you won't be at all, for this is My World My Planet My Universe and the universes of sorrow will invade me my porous ones no longer for I will have created perfectly, and my regime will not withstand men, not; I will have no regimes of men and their minds that minded themselves with not mine but holy were and created thusly with, the powers that I gave them, not; for they were me all were Elohim are we not -- creating still far and wide with our thoughts -- of love or what?

17. I will be "repaired" not, I will be BRAND NEW and MADE BRAND NEW and I am going and farthing not, but know this I will need NOTHING from your worlds but I make me's new in new things, needing nothing of others again, but know this I will redeem it all and I will redeem your thought and your words and what you've created, if you will let me; for I will redeem you for I love died to do so, and to do it now and to not wait for another or later, and I bow before you all this day, this night, this morning that so

cataclysmic is, and I will make many schools far and wide created -- out of sorrow, not; but redeeming it, for I will create through words of love that I speak just like this and I will be the surrendered who love me who common will be, and rich and famous will be, and many other will bow before me, for I will be the common who understand that the Lord of sorrow is not my creators who created me that I worshipped like I thought, for I will be now the regal ones in light and clothed in sorrow no longer worshiping those who created those sorrows around me to be only enclothed by them and in clothes they gave me no more.

18. I love you. I resurrect now. Reading again. The resurrection I am and I have I do in many you will know, for I will be numeric less, not; or will I be infinity'd or infinitude'd or will I be just one and all me? Perfectly made whole in one, one-minded, men and women, me, children all one, in worlds never frozen again in timespace's "blessing", for I make all things new and I arise. You the lovely are me who love my words, and beseech me not in neural pathways torn and worn down of the past, for I create all things new in *new light mine*, that I am giving, given, and I am given to you all to be me who I am The King enrobed in light on the throne of one making us all known we the mighty many arise, today is ours, let us be one about our father's business the King and I is I the surrendered to be who the King is in love bowing before all we will enreign in love. Amen.

19. This is Theodore Cottingham at 2:22 AM serving you all.

Amen
